Other	Alteration	LP Tank	Manufactured Home Setup (HUD Mobile Home)	School

#### Plan Review Required

See below for plan review requirements before completing this section. Plans and specifications must be submitted for one-and two-family dwellings when the input rating of the building heating/cooling system exceeds 375,000 Btu's.

What is the building size in square footage? \_\_\_\_\_

What is the input rating of the heating system in this building? \_\_\_\_\_

Have plans been submitted?                      Yes                      No                      Not required

Plans are required for all building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to Act No. 299 of the Public Acts of 1980, as amended, and shall bear that architect's or engineer's signature and seal, except:

1. One-and two-family dwellings when the total building heating/cooling system input rating is 375,000 Btu's or less.
2. Alterations and repair work determined by the mechanical official to be of a minor nature.
3. Business, mercantile, and storage buildings having HVAC equipment only, with one fire area and not more than 3,500 square feet.
4. Work completed by a governmental subdivision or state agency costing less than \$15,000,00.

Plans must be Submitted Before A Permit Can Be Issues.

#### Applicant Signature

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to people who are to perform work on residential building or a residential structure. Violators of section 23a are subjected to civil fines.

Signature of Licensee or Homeowner (Homeowner's signature indicates compliance with Section VI Homeowner Affidavit)	Date
---	------

#### Homeowner Affidavit

I hereby certify the mechanical work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the Mechanical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Mechanical inspector. I will cooperate with the Mechanical Inspector and assume the responsibility to arrange for necessary inspections.

## Fee Clarifications

Item #2, Residential Heating System  
 This item is used for the installation of a heating system in a new residential structure. Items #10; gas piping and #18; Duct, SHOULD NOT BE charged. Replacement systems should be itemized.

**TOTAL:**

## Instructions for Completing Application

General: Mechanical work shall not be started until the application for permit has been filed. All installations shall be in conformance with the Mechanical Code. No work shall be concealed until it has been inspected.

When ready for an inspection, call the inspector providing as much advance notice as possible. The inspector will need the job location and permit number.

**EXPIRATION OF PERMIT:** A permit remains valid as long as work is progressing, and inspections are requested and conducted. A permit shall become invalid if the authorized work is not completed within six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. **A PERMIT WILL BE CANCELLED WHEN NO INSPECTIONS ARE REQUESTED AND CONDUCTED WITHIN SIX MONTHS OF THE DATE OF ISSUANCE OR THE DATE OF A PREVIOUS INSPECTION. CONCELED PERMITS CANNOT BE REFUNDED OR REINSTATED.**

What is the rating of the service or feeder in ampere? \_\_\_\_\_  
 What is the building size, in square feet? \_\_\_\_\_  
 Have plans been submitted? \_\_\_ Yes \_\_\_ No \_\_\_ Not Required  
 \*There will be an additional charge of \$25.00 Per ¼ hour for those permits requiring plan review

The Department will not discriminate against any individual or group because of race, sex, religion, age, national origin, color, marital status, handicap, or political beliefs.
